

AZ-104 30-Day Study Plan

If you're interested in taking the AZ-104 exam within the next 30 days, I put together this study plan that you can use to follow to reach that goal.

It aims for 45 minutes per day of study, and gives at least one day per week for review and doing practice tests.

30-Day AZ-104 Study Plan (45 Minutes/Day)

Week 1: Azure Identity and Governance

Day 1: Introduction to Azure Administration

- **Topics:**
 - Understand the role of an Azure Administrator
 - Overview of Azure services and the Azure portal
- **Resources:**
 - Microsoft Learn: [AZ-104: Prerequisites for Azure administrators](#)

Day 2: Manage Azure Identities

- **Topics:**
 - Create and manage users and groups in Microsoft Entra ID
 - Manage user and group properties
- **Resources:**
 - Microsoft Learn: [Manage identities and governance in Azure](#)

Day 3: Manage Access to Azure Resources

- **Topics:**
 - Implement Role-Based Access Control (RBAC)
 - Assign roles at different scopes
- **Resources:**
 - Microsoft Learn: [Secure your Azure resources with Azure role-based access control \(Azure RBAC\)](#)

Day 4: Manage Azure Subscriptions and Governance

- **Topics:**
 - Implement and manage Azure Policy
 - Configure resource locks and tags
- **Resources:**
 - Microsoft Learn: [Manage Azure subscriptions and governance](#)

Day 5: Review and Practice

- **Activities:**
 - Review Days 1–4 topics
 - Take relevant practice quizzes
- **Resources:**
 - Microsoft Learn: [Practice Assessments for Microsoft Certifications](#)

Day 6: Implement and Manage Storage Accounts

- **Topics:**
 - Create and configure storage accounts
 - Configure Azure Storage redundancy
- **Resources:**
 - Microsoft Learn: [Implement and manage storage in Azure](#)

Day 7: Configure Azure Blob and File Storage

- **Topics:**
 - Create and configure containers in Blob Storage
 - Configure Azure Files and Azure File Sync
- **Resources:**
 - Microsoft Learn: [Configure Azure Blob Storage](#)

Week 2: Compute and Networking

Day 8: Deploy and Manage Azure Compute Resources

- **Topics:**
 - Create and configure virtual machines
 - Manage virtual machine sizes and disks
- **Resources:**
 - Microsoft Learn: [Deploy and manage Azure compute resources](#)

Day 9: Implement Containers and Web Apps

- **Topics:**
 - Provision Azure Container Instances and Azure Container Apps
 - Create and configure Azure App Service
- **Resources:**
 - Microsoft Learn: [Configure Azure Container Instances](#)

Day 10: Configure Virtual Networks

- **Topics:**
 - Create and configure virtual networks and subnets
 - Configure public and private IP addresses
- **Resources:**
 - Microsoft Learn: [Configure and manage virtual networks for Azure administrators](#)

Day 11: Implement Network Security

- **Topics:**
 - Create and configure network security groups (NSGs)
 - Implement Azure Bastion and service endpoints
- **Resources:**
 - Microsoft Learn: [Configure network security groups](#)

Day 12: Configure Name Resolution and Load Balancing

- **Topics:**

- Configure Azure DNS
- Configure load balancers and troubleshoot load balancing
- **Resources:**
 - Microsoft Learn: [Configure Azure DNS](#)

Day 13: Review and Practice

- **Activities:**
 - Review Days 8–12 topics
 - Take relevant practice quizzes
- **Resources:**
 - Microsoft Learn: [Practice Assessments for Microsoft Certifications](#)

Day 14: Monitor Azure Resources

- **Topics:**
 - Interpret metrics in Azure Monitor
 - Configure log settings and alerts
- **Resources:**
 - Microsoft Learn: [Monitor and back up Azure resources](#)

Week 3: Backup, Recovery, and Final Review

Day 15: Implement Backup and Recovery

- **Topics:**
 - Create Recovery Services vaults
 - Configure backup policies and perform restore operations
- **Resources:**
 - Microsoft Learn: [Implement backup and recovery](#)

Day 16: Implement Azure Site Recovery

- **Topics:**
 - Configure Azure Site Recovery for Azure resources

- Perform failover to a secondary region
- **Resources:**
 - Microsoft Learn: [Implement Azure Site Recovery](#)

Day 17: Review Monitoring and Backup

- **Activities:**
 - Review Days 14–16 topics
 - Take relevant practice quizzes
- **Resources:**
 - Microsoft Learn: [Practice Assessments for Microsoft Certifications](#)

Day 18: Full-Length Practice Exam

- **Activities:**
 - Take a full-length practice exam to assess readiness
- **Resources:**
 - Microsoft Learn: [Practice Assessments for Microsoft Certifications](#)

Day 19: Review Practice Exam Results

- **Activities:**
 - Analyze incorrect answers
 - Revisit challenging topics
- **Resources:**
 - Microsoft Learn modules corresponding to weak areas

Day 20: Final Review

- **Activities:**
 - Summarize key concepts
 - Clarify any remaining doubts
- **Resources:**
 - Microsoft Learn: [AZ-104: Microsoft Azure Administrator](#)

Day 21: Rest and Preparation

- **Activities:**
 - Ensure all logistics for exam day are in place
 - Get adequate rest
- **Resources:**
 - Microsoft Learn: [Exam AZ-104: Microsoft Azure Administrator](#)

Week 4: Reinforcement and Practice

Day 22: Hands-On Practice with Azure Portal

- **Activities:**
 - Navigate the Azure portal
 - Create and manage resources
- **Resources:**
 - Microsoft Learn: [Azure portal documentation](#)

Day 23: Practice with Azure CLI and PowerShell

- **Activities:**
 - Execute common tasks using Azure CLI and PowerShell
- **Resources:**
 - Microsoft Learn: [Azure CLI documentation](#)
 - Microsoft Learn: [Azure PowerShell documentation](#)

Day 24: Review Storage and Compute Services

- **Activities:**
 - Revisit storage and compute modules
 - Practice configuring storage accounts and virtual machines

Day 25: Review Networking Services

- **Activities:**
 - Revisit networking modules

- Practice configuring virtual networks and NSGs

Day 26: Review Monitoring and Backup Services

- **Activities:**
 - Revisit monitoring and backup modules
 - Practice setting up alerts and backup policies

Day 27: Take Another Practice Exam

- **Activities:**
 - Assess improvement and readiness
- **Resources:**
 - Microsoft Learn: [Practice Assessments for Microsoft Certifications](#)

Day 28: Analyze Practice Exam Results

- **Activities:**
 - Identify areas needing further review
 - Revisit challenging topics

Day 29: Final Q&A Session

- **Activities:**
 - Address any remaining questions
 - Discuss exam strategies

Day 30: Exam Day

- **Activities:**
 - Arrive early and well-rested
 - Stay calm and confident

Additional Resources

- **Microsoft Learn Learning Paths:**
 - [AZ-104: Manage identities and governance in Azure](#)
 - [AZ-104: Implement and manage storage in Azure](#)

- [AZ-104: Deploy and manage Azure compute resources](#)
- [AZ-104: Configure and manage virtual networks for Azure administrators](#)
- [AZ-104: Monitor and back up Azure resources](#)
